

Another fantastic days forecast with perfect towing conditions meant that we were able to train the taster day and EP students.

Well done to Steve and David for completing your Taster day, they said they will be back so were look forward to seeing you soon.

Also to Andy and Norman for all the good flying and ground handling which will help so much when you come to the hill flying. Half a day will see them both EP qualified.

Well done to Douggie for some really nice flying despite the time away from Paragliding.

Lastly thanks to Simon and Matt for all the help, fantastic day guys, let's hope for more of the same soon.

Video below captured by Michelle shows winch drivers view.
